VICTORY AT MISSOULA

SCORE 6 to 5.

In a closely contested game full of brilliant plays, our boys defeated the University of Montana at Missoula, yesterday, by a score of 6 to 5.

The remarkable line bucking of Montana was a feature of the game. W.A.C. was not up to her usual standard, but did some star individual work. Cardwell's tackling, it is said, was a marvel to the Montana people.

A large part of the second half was taken up in punting. The game is said to have been intensely interesting. The Montana people were jubilant over the result of the game, considering it a victory because of having scored against us.

The team has just returned. Full details of the trip and game will appear in next issue.

Habit.

Prof. Beach's chapel talk on "Habit" is worth treasuring by every student. The speaker said, in effect, that we are and should be creatures of habit. Habit is the fly-wheel of our lives. Those things which we do from force of long repetition, we do without requiring active attention of the brain. Frequently repeated actions, such as taking steps in walking, are relegated to the province of the lower nerve centers. The more things we do from habit, then, the less we have to think about them, thus leaving the brain free for greater intellectual effort. It is true, also, that it is easier to get a certain lesson at the same time every day than to attempt to study it at irregular times.

"Habit makes the man."

Preps. Wipe Out Oakesdale.

The Prep. team visited Oakesdale last Saturday and wiped out the high school to the tune of 42 to 0. The game was one of which the Preparatory students may well feel proud. Every man played a good game.

Websterian.

The "Webs." met on Friday evening as usual and the program rendered was appreciated by a good attendance. The following numbers were given:

"Down the Pike" (Scenes at the World's Fair)—Clare Ockerman.

"Emerson's Life and Writings"—H. A. Ackley.

"Geology of the Palouse Region"—H. W. Walter.

The question submitted by Idaho for the intercollegiate debate was discussed, the affirmative being upheld by Messrs. Kreager, Ackley and Berry, while Messrs. Matthews, Robinson and Ludwig defended the negative.

S. E. Robinson, F. O. Kreager and H. B. Berry were chosen to represent the Websterian Society in debate against the Washington.

Washington.

In the Washington Society hall last Friday evening was gathered the largest number of members that have been present at any one time this year. A debating team was to be chosen to meet their old enemies, the Webs., and every member was anxious to do his share. The tryout lasted for an hour and a half, and eight men tried for places. When the ballots were counted it was found that Todd, Brislawn and Baske had been chosen. The work of all the contestants was good, but of these three it was exceptionally good, and it is a team of which any society might well feel proud.

Other numbers of the program were:

"The Submarine"—C. R. Miller.

"Foreign Affairs"—M. Davis.

Biographical sketch of Senator Hoar—C. W. Bevis.

"Results of the Election"—H. C. Todd.

SECOND TEAM WINS

SCALPS IDAHO SCRUBS.

The W. A. C. second team defeated the U. of I. second team yesterday in a one-sided game by the score of 48 to 6.

Four touchdowns were made in each half by Pullman, while Idaho made her lone touchdown toward the end of the second half by a fumble.

The features of the game were the playing of Grimes at quarter, Miner and Chidester, and the goal kicking of Spalding. Pullman made a touchdown in the first minute of play on a 70-yard run by Chidester. From that time on it was just a question as to the size of the score. Idaho could do nothing with the rushes of Pullman, who was held for downs but twice during the game.

End runs and quarterback runs ranging from 10 to 40 yards were numerous throughout the game.

Rowdyism and unsportsmanlike conduct on the part of Coach Griffith were in evidence throughout the game. Griffith attempted at one time to tackle Chidester to prevent a touchdown. The game was free from slugging and dirty playing.

Mr. Porter's Home Visited by Fire.

The home of Wm. M. Porter, our accountant, was seriously damaged by fire last Thursday. The blaze started in the kitchen and was caused by the explosion of a bottle of benzine. The kitchen furnishings were totally destroyed and it is due only to the energies of the fire-fighters that no further damage was done. The loss, luckily, was covered by insurance.

Mr. Porter, hereby, wishes to make a public declaration of his thanks to the Faculty and to the College Fire Department, for their aid in helping extinguish the flames.

Coming Saturday.

The Preps. are preparing to take in the Colfax High School on Rogers Field next Saturday. It is said that every member of the Preparatory School will be on the field to see the game and support the team.
