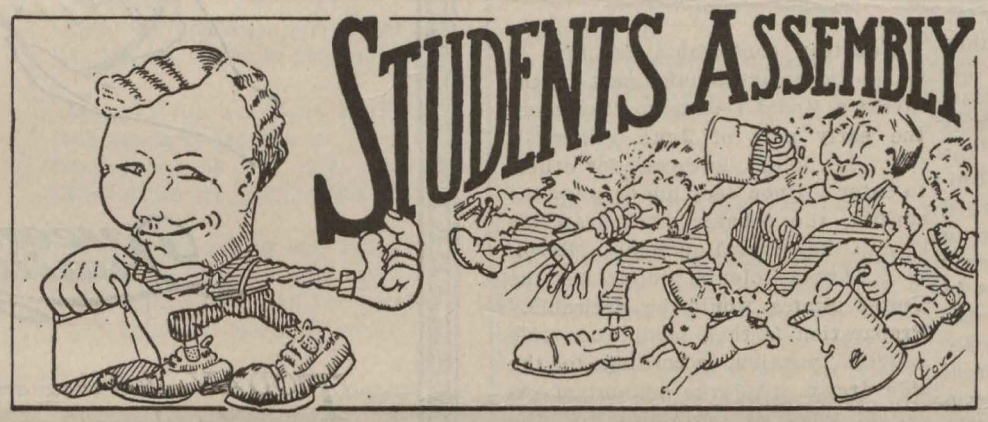
The EVERGREEN

VOL. XVII. STATE COLLEGE OF WASHINGTON, PULLMAN, WASHINGTON, TUESDAY, MAY 16, 1911 NO. 31.

ANNUAL STUDENT ELECTION

On Friday, May 19 Auditorium Building



The Polls Open from 8 a. m. to 6 p. m. All Vote

To Elect Next Year's Officers

SPOKANE HIGH WINS INTERSCHOLASTIC

Watson, of Tekoa, With Five Firsts, Is Given Gold Medal—Johns, of Spokane, Second.

TEKOA DISPUTES THE RELAY

Boyd Schlaeier, of Pullman, Breaks Mile Record—Time 4:43 4-5.

Despite inclement weather, and rather a lack of out-of-town visitors other than real contestants, the seventh annual interscholastic track meet held last Saturday was the most successful meet ever held here, financially as well as otherwise. The contests settled down to Spokane and Tekoa high schools, with the relay the deciding factor, Spokane winning this and the meet by a score of 36 to 35, a margin of one point. Before the running of the relay, the score stood Tekoa 35, and Spokane 31. Spokane ran a beautiful relay, clipping the old record of 3:41.2 to 3:39.4 formerly held by Spokane. Boyd Schlaefer, of Pullman, broke the record in the mile, running it in 4:43 4-5, the previous record having been held by Fancher of Spokane, 4:47 3-5.

Watson, the phenom from Tekoa,

Rush Sale of Tickets for May Festival $450 Worth Go Tuesday in Two Hours

The sale of season tickets for the big Music Festival opened with a rush at Watt's Pharmacy this morning. In less than two hours $450 worth had been sold. No such sale has ever been known here before and it is predicted that every seat in the Auditorium will be sold for the festival, which is the greatest event of the college year.

The Russian Symphony Orchestra, with its 50 musicians, and four noted singers, will arrive in their special train about noon Friday. As they do not leave until after 5 o'clock, there will be no rushing of the program, which begins at 2 o'clock sharp.

Other events of the festival are exciting much interest and will be of a high order. The opera "Iolanthe" wil be one of the popular features. The students participating have spent many hours in rehearsals, under the competent direction of Prof. Strong.

The Departmental Concert will be exceptionally god this year, and the Violin and Organ Recital by Prof. Gittelson and Dr. Evans will be one of the attractive features of the festival.

Many orders for tickets have arrived from out of town. Pullman will have visitors from all parts of the Inland Empire on Thursday and Friday of this week.

O. A. C. Defeats State College Debaters

By a narrow margin Oregon Agricultural College defeated our teams in the recent joint debate. Our affirmative team lost by a two to one decision at Corvallis. The negative team here put up a good fight in a very close contest and received the small end of a two to one decision as a reward for their diligence.

Mr. Jamieson, leader of the Oregon team, opened the debate for the affirmative with a good explanation of the various points in the question. He showed the position of the affirmative to be one of tariff for revenue only, a tariff on luxuries and things not produced in the United States. He gave a description of the present tariff as a burden on the consumer and showed the improbability of a model protective tariff such as the negative would likely advance.

J. L. Philips began the negative argument with an interpretation of

ANNUAL INSPECTION OF THE CADET CORPS

Captain Lauback of the United States Army, Pleased With Results of His Inspection.

P.D.'s LINE UP WITH GLEE

Lieut. Hennessey, Local Commandant, Highly Commended by Inspector.

The Annual Inspection of the Cadet Corps, which occurred on Wednesday and Thursday, did much to show the efficiency of the regiment and effiiciency that they have maintained the past few months since active drill has commenced. Captain H. L. Lauback of the general staff of the United States Army, expressed himself as well pleased with the Cadets and the excellent spirit shown during the time he was here.

The order of the inspection followed much the same order as last year except that a portion of the inspection was held during the first afternoon.

The exhibition of good spirit seemed to be shown best by the uncontrolables, that is, those who are prone to get out of drill either on a P. D. or who are able to convince the
