VOL. XIII STATE COLLEGE, PULLMAN, WASHINGTON, MARCH 7, 1907 NO. 22

INDOOR TRACK MEET

College Track Athletes do Stunts in College Gym. Juniors Win.

The Juniors won the meet with twenty eight points. Frank Richardson was the individual star, taking second place in four events. Considering the fact that only three "W" track men took part in the meet the records are very good. The indoor work has brought out the high and broad jumps and we will be exceedingly strong in those events. The event of the meet was the relay race. The crowded house sent down a deafening roar as the Freshmen and Sophomore teams began the relay Owing to a foul the Fresh man-Sophomore relay was re-run and the sophomores won. The Ju-

FRESH-SOPH DEBATE

Freshman Class Defeated by Sophomores in Annual Debate Held Last Saturday

The fireworkers of the '09 and '10 classes gave a public exhibition of their combustibles on the chapel platform before a goodly crowd of supporters, partizan and neutral, last Saturday evening. M. R. Klepper, president of the Oratorical Association, laid down the rules of the game and announced as judges Prof. Thatcher, Rev. Mr. Marvin, and P. W. Kimball. The dark and perplexing question which these illuminators were to throw such searching light on was, "Resolved; That Cities of over 75,000 Inhabitants should Own and Operate their Own Street Railways." We will not attempt to give all arguments, for the college community will have ample opportunity of becoming enlightened upon this question when Whitman College and W. S. C. discuss it here in the coming annual debate. Suffice it to say that the question was displayed from every possible standpoint and many lights and sidelights cast upon it from the meteoric brilliancy and variation of the illuminating explosions furnished by both sides. The Freshmen were defending the affirmative and in their behalf Ferguson touched off the first rocket and sent it trailing skyward to spread into a great argument which stood bright, clear and lucid—until Miss Prior arose for the negative and the Sophomores, and by a few dexterous manipulations of the fiery brands of argument and oratory produced a light which caused all former lights to fade. Miss Prior is to be commded on the fact that she is one of the two girls who have filled an important place in debating in this college.

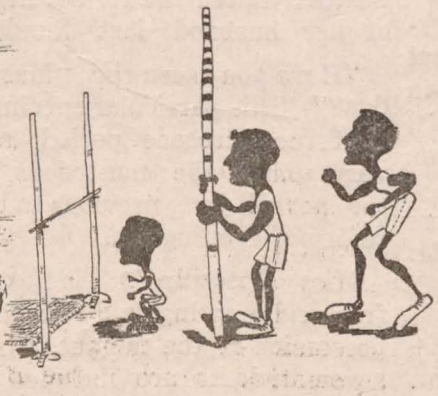
Nolin, for the affirmative followed Miss Prior, and while his numerical symbols were not entirely correct he succeded in pulling off some very creditable fire works.

McDaniels came on then with a bunch of red, white and blue rockets which regulated the evils created thus far and showed up some of the dark places in the opposing arguments.

Then Murdock arose in all the strength and beauty of his six feet of manhood and cast re-

SOME EVENTS OF THE WEEK

"I'm going to hunt up the fellows who put me In there and bite 'em."



Indoor track meet this week.

"There is a soft place in my heart for Pullman—as soft as this cushion."

Freshman class snowed under in debate.
